

## AFO 01 - stainless steel wall-mounted drinking fountain

AFO 01 is a stainless steel wall-mounted drinking fountain of modern design with a manual press valve that allows its easy use. The water flows only when the valve is pressed and then there is a certain adjusted time to rinse out the nozzle. The water inlet is fitted with a flexible hose, the siphon is made from a stretchy, flexible connector. The flexible finish of the water inlet and outlet allows the variable and problem-free connection of the fountain. AFO 01 stainless steel fountain is suitable mainly for schools, medical facilities and spa resorts, and are utilizable outdoors. Sensor-controlled fountain possible made to order. AFO 01 is manufactured from the stainless steel AISI 304. For cleaning we recommend WÜRTH detergents ? material preservation (no. 0893 121 K) and material cleaning (no. 893 121 1).

Complete delivery

1. stainless steel sink with casing
2. press valve
3. corner valve with filter
4. flexible hose siphon
5. fixing bar
6. connecting hoses
7. anchoring material

Requirements for setting up the construction

1. Set-up water inlet - pipe 1/2"
2. Set-up drainage d = 40 mm

Download information about the product

- [AFO 01 data for projectants - \( 52 kB \)](#)

Basic technical information	Water inlet	G 1/2"
	Water pressure	0,2 ? 0,6 MPa (recommended 0,3 MPa)
	Outlet	d = 40 mm

Inner dimension of the fountain  
Weight

d = 245 mm  
4 kg
