

VLU 02 - stainless steel bucket sink combined with hand-wash basin, to stand on floor (without mixer)

VLU 02 is a stainless steel bucket sink to stand in open space or by wall. The janitor's sink contains bottom sink 400 x 400 mm with tilting stainless grid. Upper hand-wash basin 370 x 240 mm serves for washing hands. The janitor's sink is jacketed. Standard version of the bucke sink is supplied without mixers. It can be completed by one single-lever mixer that can be revolved above both, the sink and the hand-wash basin, or by two single-lever mixers or by a single-lever mixer for the sink and contactless mixer for hand-wash basin (in compliance with sanitary regulations for food industry). Per order it can be completed by one revolving single-lever mixer ? common for the sink and the hand-wash basin, or by two single-lever mixers or by a single-lever mixer and a contactless mixer. VLU 02 is manufactured from the stainless steel AISI 304. Other materials (e.g. AISI 316) possible on order. For cleaning we recomnnd WÜRTH detergents ? material preservation (no. 0893 121 K) and material cleaning (no. 893 121 1).
